

Creating the Life of the World to Come

A Trinity Community Art Project

This Stewardship Season, we are creating a **mosaic**, or a pattern of repeating shapes.

We invite you to **create a reflection of your vision** for the life of the world to come by adding your thoughts, prayers, and artistic inspiration to the mosaic dove pieces.

Personalize and **cut out** your mosaic piece.

Your piece will be part of a larger art mural to show how our individual contributions can be combined to more fully represent the life of the world to come.

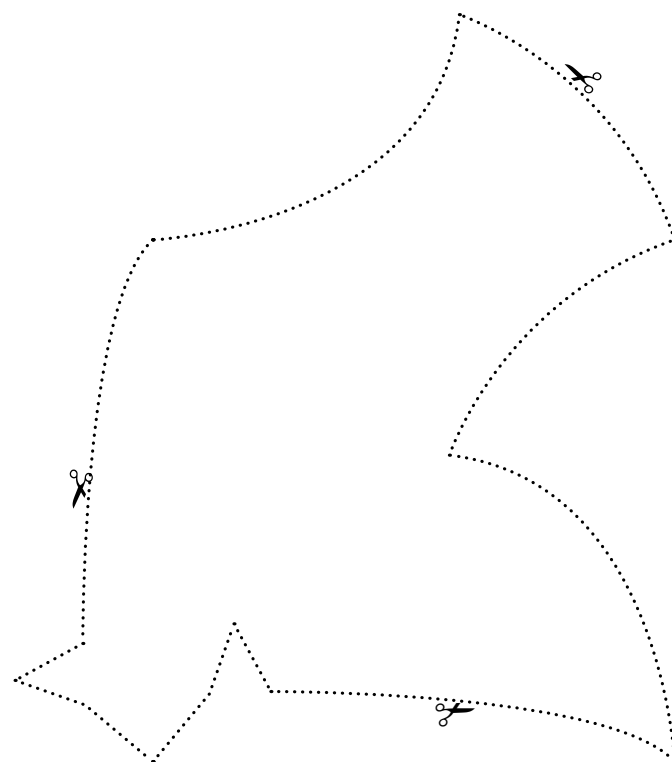

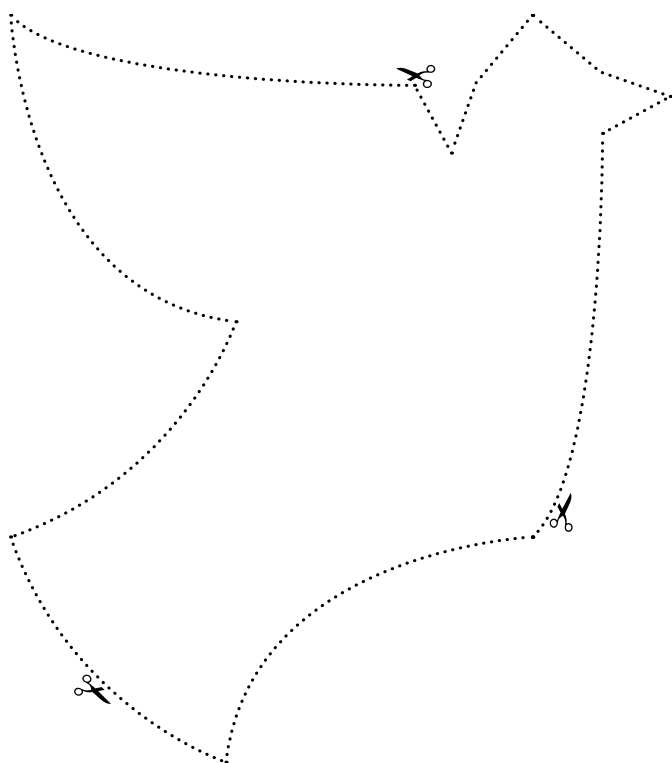

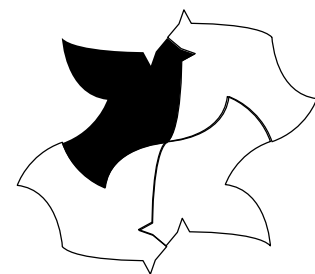

We need each other to create a more complete work of art.

You will need:

Scissors

(Optional) Crayons, Colored Pencils, Markers, etc.

(Not Optional) Your Imagination

Please bring your completed mosaic pieces back to church or mail them back and we will assemble the mosaic for the community to enjoy a collective representation of how we may all share in the creation of the life of the world to come.

Feeling creative or want to experiment with more designs?
